### **Born Survivors: Three Young Mothers and Their Extraordinary Story of Courage, Defiance, and Hope** By Wendy Holden

The Nazis murdered their husbands but concentration camp prisoners Priska, Rachel, and Anka would not let evil take their unborn children too—a remarkable true story that will appeal to readers of *The Lost* and *The Nazi Officer's Wife*, *Born Survivors* celebrates three mothers who defied death to give their children life.

Eastern Europe, 1944: Three women believe they are pregnant, but are torn from their husbands before they can be certain. Rachel is sent to Auschwitz, unaware that her husband has been shot. Priska and her husband travel there together, but are immediately separated. Also at Auschwitz, Anka hopes in vain to be reunited with her husband. With the rest of their families gassed, these young wives are determined to hold on to all they have left—their lives, and those of their unborn babies. Having concealed their condition from infamous Nazi doctor Josef Mengele, they are forced to work and almost starved to death, living in daily fear of their pregnancies being detected by the SS.

In April 1945, as the Allies close in, Priska gives birth. She and her baby, along with Anka, Rachel, and the remaining inmates, are sent to Mauthausen concentration camp on a hellish seventeen-day train journey. Rachel gives birth on the train, and Anka at the camp gates. All believe they will die, but then a miracle occurs. The gas chamber runs out of Zyklon-B, and as the Allied troops near, the SS flee. Against all odds, the three mothers and their newborns survive their treacherous journey to freedom.

On the seventieth anniversary of Mauthausen's liberation from the Nazis by American soldiers, renowned biographer Wendy Holden recounts this extraordinary story of three children united by their mothers' unbelievable—yet ultimately successful—fight for survival.

#### From the Back Cover

Among the millions of Holocaust victims sent to Auschwitz II-Birkenau in 1944, Priska, Rachel, and Anka each pass through its infamous gates with a secret. Strangers to one another, they are newly pregnant, and facing an uncertain fate without their husbands. Alone, scared, and with so many loved ones already lost to the Nazis, these young women are privately determined to hold on to all they have left: their lives and those of their unborn babies.

That the gas chambers ran out of Zyklon B just after the babies were born, before they and their mothers could be exterminated, is just one of several miracles that allowed them all to survive and rebuild their lives after World War II. *Born Survivors* follows the mothers' incredible journey—first to Auschwitz, where they each came under the murderous scrutiny of Dr. Josef Mengele; then to a German slave-labor camp, where, half-starved and almost worked to death, they struggled to conceal their condition; and, finally, as the Allies closed in, their hellish seventeen-day train journey with thousands of other prisoners to the Mauthausen death camp in Austria. Biographer Wendy Holden details the courage and kindness of strangers, including guards and civilians, which helped save these women and their children.

Sixty-five years later, the three "miracle babies" meet for the first time at Mauthausen for the anniversary of

the American liberation. United by their remarkable experiences of survival against all odds, they come to consider each other "siblings of the heart." In *Born Survivors*, Holden brings all three stories together for the first time, to mark their seventieth birthdays and the seventieth anniversary of the ending of the war.

A heart-stopping account of how three mothers and their newborns fought to survive the Holocaust, *Born Survivors* is also a life-affirming celebration of our capacity to care and love amid inconceivable cruelty.
