Knowledge Management in Organizations: A Critical Introduction

By Donald Hislop

Knowledge Management in Organizations: A Critical Introduction By Donald Hislop

Building on the success of the second edition, the third edition of *Knowledge Management in Organizations* presents a critical introduction to the subject. Adopting a multidisciplinary perspective, encompassing issues of strategy, structure, systems and human resource management, the text introduces the reader to the concept of knowledge before examining how, and whether, knowledge can be managed within the organizations in which we work. The third edition features a new section on intellectual capital accounting, increased discussion on the use of social networking technologies and significant updates to chapters on Knowledge Creation, Facilitating Knowledge Management via Culture Management, and Leadership, HRM and Knowledge Management.

This accessible and engaging text provides a comprehensive introduction to the subject, and incorporates a wealth of in-text learning features and examples in every chapter. International case studies throughout the text, which have been fully updated to reflect changes in the economic and political landscape since the previous edition, as well as new and emerging trends in the field, further illustrate knowledge management theory in a real-world business context.

The text is supported by a fully integrated Online Resource Centre, offering additional resources for students and registered lecturers:

For students:
Additional case studies
Web links

For registered lecturers:
Diagrams from the textbook
Examples of exam questions
Examples of essay/coursework questions
Suggestions for classroom activities to facilitate discussion around the themes addressed in the book

Editorial Review

Users Review

From reader reviews:

David Stokes:

Book is written, printed, or illustrated for everything. You can learn everything you want by a book. Book has a different type. As it is known to us that book is important point to bring us around the world. Next to that you can your reading talent was fluently. A guide Knowledge Management in Organizations: A Critical Introduction will make you to possibly be smarter. You can feel more confidence if you can know about almost everything. But some of you think which open or reading a new book make you bored. It isn't make you fun. Why they are often thought like that? Have you seeking best book or suited book with you?

Eugene Brown:

As people who live in the actual modest era should be change about what going on or facts even knowledge to make these individuals keep up with the era that is always change and move forward. Some of you maybe will update themselves by reading through books. It is a good choice to suit your needs but the problems coming to anyone is you don't know which you should start with. This Knowledge Management in Organizations: A Critical Introduction is our recommendation so you keep up with the world. Why, as this book serves what you want and wish in this era.

Tammy Jones:

Nowadays reading books be a little more than want or need but also turn into a life style. This reading behavior give you lot of advantages. The benefits you got of course the knowledge your information inside the book that will improve your knowledge and information. The knowledge you get based on what kind of guide you read, if you want attract knowledge just go with education books but if you want sense happy read one with theme for entertaining for example comic or novel. The actual Knowledge Management in Organizations: A Critical Introduction is kind of e-book which is giving the reader unpredictable experience.

Elvia Ecklund:

Do you one of the book lovers? If yes, do you ever feeling doubt if you find yourself in the book store? Aim to pick one book that you never know the inside because don't assess book by its include may doesn't work at this point is difficult job because you are scared that the inside maybe not while fantastic as in the outside appearance likes. Maybe you answer might be Knowledge Management in Organizations: A Critical Introduction why because the excellent cover that make you consider with regards to the content will not disappoint a person. The inside or content is actually fantastic as the outside as well as cover. Your reading

6th sense will directly assist you to pick up this book.
