### Outsider By Diana Palmer

Former black ops CIA operative Colby Lane, now retired from his wild years as a mercenary, has found his new calling as assistant chief of security for the mammoth Ritter Oil Corporation. But the past is never far behind. He's soon enmeshed in plans to trap a notorious drug trafficker, and it seems that his ex-wife, Sarina Carrington—whom he so cruelly left after one day of marriage—may be more involved than she's letting on. Not only that, but Sarina has a six-year-old dark-eyed daughter whose father is mysteriously absent—or is he?

## Editorial Review

From [Booklist](#)

After losing an arm, Colby Lane can no longer work as a mercenary. His second wife, Maureen, repulsed by his loss of limb, has left, but at least he has quit drinking and is ready to become assistant chief of security in a Houston oil firm. At 17 Sarina Carrington was married to Colby for less than 24 hours: he disappeared after a disastrous wedding night. Unbeknownst to Colby, Sarina was pregnant. Since Colby is Apache and their child has mixed blood, Sarina was kicked out of her rich father's house and ended up living in poverty with her asthmatic daughter, Bernadette. Colby doesn't know that he has a child and is unnerved by Bernadette's finely honed psychic powers, powers not unlike his own. Palmer has taken a wounded protagonist and deftly turned him into a true hero and a genuinely likable human being. Palmer's talent for character development and ability to fuse heartwarming romance with nail-biting suspense shine in *Outsider*.
