Terrarium Craft: Create 50 Magical, Miniature Worlds By Amy Bryant Aiello, Kate Bryant

A terrarium is nothing less than a miniature world—one that you can create yourself. It might be a tiny rainforest, with lush foliage and bright tropical flowers. Or a desert, with strange succulents planted among colorful stones. Or a Victorian fernery. Or a minimalist composition with a single, perfect plant.

Or it might not contain any plants at all. It might be made with crystals, feathers, bones, seashells, bits of wood, porcelain trinkets—anything that catches your fancy and helps create a mood or look. Whatever they contain, terrariums are the ultimate in modern, affordable, easy-care décor.

Terrarium Craft features fifty original designs that you can re-create or use as inspiration for your own design. Each entry comes with clear step-by-step directions on how to assemble and care for your terrarium. You'll also find helpful information about selecting a container, using appropriate materials, choosing the right plants, and maintaining your terrarium. (Hint: It's easy! In fact, many terrariums are self-sustaining, requiring no maintenance whatsoever!)
