## Ask the Dust By John Fante

*Ask the Dust* is a virtuoso performance by an influential master of the twentieth-century American novel. It is the story of Arturo Bandini, a young writer in 1930s Los Angeles who falls hard for the elusive, mocking, unstable Camilla Lopez, a Mexican waitress. Struggling to survive, he perseveres until, at last, his first novel is published. But the bright light of success is extinguished when Camilla has a nervous breakdown and disappears . . . and Bandini forever rejects the writer's life he fought so hard to attain.

## **Editorial Review**

### **Amazon.com Review**

This book is another sterling recommendation from the Saltzman workshop. The under-appreciated Fante's second outing details the adventures of his alterego, Arturo Bandini, as the struggling young writer tackles Los Angeles in the late 1930s. And take it from personal experience, tackling L.A. as a destitute young scribe some decades later isn't much different. In other words: Fante gets it right and sets it down in his Chianti-steak-and-potatoes style, with prose both simple and rich. This Black Sparrow edition has a bonus: Charles Bukowski's great preface on how Fante stacks up against writers that were at once more famous--and far more anemic.

### **Review**

Written of and from the gut and the heart ... Fante was my god A powerful and moving read \* Guardian \* A tough and beautifully realised tale - affecting, powerful and poignant \* Time Out \* Bandini is a magnificent creation, and his discovery is not before time \* Times Literary Supplement \* This stunning novel, as Charles Bukowski's 1980 foreword outlines, was the reason he became a writer. Is there any better recommendation? \* Uncut \*
