With the scope of a philosopher and the precision of a scientist, Dr. Ahmed takes us on a journey through the labyrinth of Islamic history offering unique insights into its own internal dialectic as well as its interactions with Western civilization. Using pivotal personalities and critical events as guideposts, he has brought forth the complex interplay of political, social, economic, spiritual and religious currents within the large and diverse Muslim world and their interconnections with global developments. It is a book for the layman, the historian, the pundit and the policy maker alike at a time when Islam takes roots in America and as it becomes a major force in shaping the destiny of man. "Dr. Ahmed has used his clarity of thought and his lucid prose to convey the meaning of the Muslim experience in history. Those who are interested in getting new perspectives and insights from the emerging community of Muslim intellectuals in the West can find much food for thought in this book". Professor Sulayman S.
