Kill the Messenger By Tami Hoag

With this new thriller, *The New York Times* bestselling author Tami Hoag delivers her own message to suspense fans everywhere: Don't turn off the lights, and keep reading if you dare. From the gritty streets of Los Angeles to its most protected enclaves of prestige and power to the ruthless glamour of Hollywood, a killer stalks his prey. A killer so merciless no one in his way is safe—not even the innocent.

At the end of a long day battling street traffic, bike messenger Jace Damon has one last drop to make. But en route to delivering a package for one of L.A.'s sleaziest defense attorneys, he's nearly run down by a car, chased through back alleys, and shot at. Only the instincts acquired while growing up on the streets of L.A. allow him to escape with his life—and with the package someone wants badly enough to kill for.

Jace returns to Lenny Lowell's office only to find the cops there, the lawyer dead, and Jace himself considered the prime suspect in the savage murder. Suddenly he's on the run from both the cops and a killer, and the key to saving himself and his ten-year-old brother is the envelope he still has—which holds a message no one wants delivered: the truth.

In a city fueled by money, celebrity, and sensationalism, the murder of a bottom-feeding mouthpiece like Lenny Lowell won't make the headlines. So when detectives from the LAPD's elite robbery/homicide division show up, homicide detective Kev Parker wants to know why. Parker is on the downhill slide of a once-promising career, and he doesn't want to be reminded that he used to be one of the hotshots, working cases that made instant celebrities of everyone involved. Like the case of fading retty-boy actor Rob Cole, accused of the brutal murder of his wife, Tricia Crowne-Cole, daughter of one of the most powerful men in the city, L.A.'s latest "crime of the century."

Robbery/Homicide has no reason to be looking at a dead small-time scumbag lawyer or chasing a bike messenger...unless there's something in it for them. Maybe Lenny Lowell had a connection to something big enough to be killed for. Parker begins a search for answers that will lead him to a killer—or the end of his career. Because if there's one lesson he's learned over the years, it's that in a town built on fantasy and fame, delivering the truth can be deadly.

Editorial Review

From Publishers Weekly

Hoag's success (*Dark Horse; Guilty as Sin*), evidenced once again in this engaging new thriller, is the triumph of substance over style. In a genre overrun with self-conscious jargon, brooding descriptions and fragments masquerading as sentences, her clean, measured prose—full, balanced sentences delivered at a steady pace—doesn't so much create an ominous mood as draw the reader into the worlds of her characters. Here, before they know it, readers are invested in the dilemma of Los Angeles bike messenger Jace (J.C.) Damon, on the run after picking up a package from high-powered attorney Lenny Lowell, who is subsequently murdered. Orphaned Jace lives under society's radar in Chinatown, with his 10-year-old brother, Tyler; his surrogate family includes sassy dispatcher Eta Fitzgerald and the Chen clan, the boy's closest neighbors. Similarly, the police in pursuit are an unconventional, if dysfunctional, family: long-suffering lead detective Kev Parker; his annoying and ambitious new partner, Renee Ruiz; squabbling second-string detectives Jimmy Chew and Bradley Kyle; and coroner Diane Nicholson, who is also Kev's lover. The wild card in the game is Lowell's daughter, Abby, volatile and full of secrets, which Hoag reveals at appropriate intervals. A link to Hollywood provides a burst of fresh energy in the later chapters of this character-driven, solidly constructed thriller.

Nineteen-year-old Jace Damon has had a hard life. His mother died when he was just 13, and since then he has been struggling to raise his younger brother, all while staying beneath the radar of Child Protective Services. With the help of an understanding Chinese benefactress, Madam Chan, the two have been living in L.A.'s Chinatown, where Jace works as a bike messenger. One dark and rainy night, Jace agrees to do a last delivery. He picks up a package from a shady lawyer, but when he gets to the delivery address, he finds an empty lot; suddenly, someone attacks him and tries to grab the package. The bike messenger takes off, but the attacker pursues him, nearly runs him over with a car, and takes a couple of shots at him. Injured and frightened, Jace returns to Lowell's office only to find the place swarming with cops and the attorney murdered. The plot thickens as Jace attempts to elude both homicide detective Ken Parker, who wants some answers, and a menacing, shadowy figure, who is trying to get that package. Although this novel is a little heavy on the stereotypes, with its preponderance of macho, chauvinistic male cops and lusty, fiery female cops, Hoag's loyal readers and fans of police procedural suspense novels will definitely love it. *Kathleen Hughes*
