The Cambridge Companion to Plotinus (Cambridge Companions to Philosophy) From Cambridge University Press

Plotinus is the greatest philosopher in the 700 year period between Aristotle and Augustine. He thought of himself as a disciple of Plato, but in his efforts to defend Platonism against Aristotelians, Stoics, and others, he actually produced a reinvigorated version of Platonism that later came to be known as "Neoplatonism". In this volume, sixteen leading scholars introduce and explain the many facets of Plotinus' complex system. They place Plotinus in the history of ancient philosophy while showing how he was a founder of medieval philosophy.

Editorial Review

Review

'The Cambridge Companion to Plotinus consists of a series of chapters on different themes written by various scholars, and brought together with great skill to form a coherent whole ... It will inevitably go to the top of every reading list on the philosophy of Late Antiquity.' Greece and Rome

Users Review
