The Soul Catcher (A Maggie O'Dell Novel) By ALEX KAVA

For FBI special agent Maggie O'Dell, there is nothing routine about being called in to work these two cases. As an expert criminal profiler, Maggie provides psychological insight on cases that involve suspected serial killers. She can't understand, then, why she has been assigned to two seemingly unrelated crimes.

But as Maggie and her partner, Special Agent R. J. Tully, delve deeper into the cases, they discover there is a connection: Reverend Joseph Everett, the charismatic leader of a high-profile religious sect.

Is Everett a psychotic madman who uses his power to perform heinous crimes? Or is he merely the scapegoat for a killer more cunning than he? Maggie realizes the only way to find out is to use her own mother, a member of Everett's church, as a pawn in a deadly trap.

Editorial Review

Amazon.com Review

When a senator's daughter is murdered at a religious revival in Washington, FBI Special Agent Maggie O'Dell, a criminal profiler, and R.J. Tully, her partner, suspect that it's the work of a serial killer. They soon discover that the girl's murder is connected to the suicides of five young men during a Waco-like standoff in a rural Massachusetts cabin--even if they're not sure how. But then Maggie learns that the minister who seems to have turned her alcoholic mother's life around and Revered Joseph Everett, the charismatic sect leader whose followers died in the standoff, are the same person, and he may have drawn her into his deadly web to get at Maggie herself. Is the serial killer one of Everett's acolytes--and will Tully's daughter and Maggie be his next victims? Kava's third thriller (after *Split Second* and *A Perfect Evil*) showcases her gifts of pacing, plotting, and characterization; Maggie O'Dell is a smart, likable protagonist. She and Tully deserve a return engagement. --Jane Adams

From Publishers Weekly

Kava dives headfirst into the headline-grabbing worlds of cult religions and FBI standoffs in this third novel to feature Special Agent Maggie O'Dell, whose profiler talents were first showcased in *A Perfect Evil* and *Split Second*. When a Massachusetts standoff results in the deaths of five out of six young cult members holed up in a backwoods cabin, things are bad enough. But when a U.S. senator's daughter is found murdered in Washington, D.C., and her death seems to be related to the cult and its charismatic leader, Rev. Joseph Everett, the situation really heats up for Maggie and her partner, R.J. Tully. The case hits particularly close to both partners homes, since Maggie's former alcoholic mother has joined Everett's church and Tully's daughter was with the senator's daughter on the night she was killed. Will Maggie be able to solve the case without endangering her own mother? From the Ruby Ridge-like standoff to the inability of some spiritual leaders to sexually practice what they preach, the novel manages to humanize both the seemingly impersonal institution of the FBI and cultists who are normally just labeled as wacko. Kava uses a strong supporting cast to provide Scarpetta-like authenticity and the psychological insights of Alex Delaware, and gross-out levels are high enough to satisfy the Fear Factor contingent. Add to that a clever surprise ending, and this one is sure to be spotted all over the beach by summers end.
