### **Editorial Review**

From School Library Journal

PreSchool-At the end of a busy day of playing with his friends, Sebastian the turtle snuggles close to his father and muses on what he would like to be when he grows up. Exciting careers as a fireman, a pirate, or a deep-sea or sky diver run through his mind, but when his dad tells him that he had always wanted to be a father of a son just like Sebastian, the little turtle concedes that he would like to grow up to be just like his father. Cloyingly sweet illustrations are in keeping with the slight, overly sentimental story.
