**Strangers, Gods and Monsters: Interpreting Otherness** By Richard Kearney

*Strangers, Gods and Monsters* is a fascinating look at how human identity is shaped by three powerful but enigmatic forces. Often overlooked in accounts of how we think about ourselves and others, Richard Kearney skilfully shows, with the help of vivid examples and illustrations, how the human outlook on the world is formed by the mysterious triumvirate of strangers, gods and monsters.

Throughout, Richard Kearney shows how *Strangers, Gods and Monsters* do not merely reside in myths or fantasies but constitute a central part of our cultural unconscious. Above all, he argues that until we understand better that the Other resides deep within ourselves, we can have little hope of understanding how our most basic fears and desires manifest themselves in the external world and how we can learn to live with them.

### Editorial Review

#### Review

"In this brilliant book Richard Kearney sets his sights on the hyperbolic inflation of otherness. The refusal to acknowledge 'oneself-as-another,' as Ricoeur puts it, generates visions of otherness that call for a critical hermeneutics. Like Baudrillard, Benjamin, and Zizek before him, Kearney has a finely tuned ear for the often hysterical workings of the media and popular culture, and in this respect his chapter reflecting on 9/11 is exemplary. He argues convincingly for the need for judgment when we 'welcome strangers, respect gods, and acknowledge monsters'. In this endeavor, Kearney is the ideal companion, and he proves again to be one of the liveliest philosophical minds in America."

-David Wood, Vanderbilt University

""Strangers, Gods, and Monsters along with the other two volumes in the trilogy, stands as an important contribution to the fields of religious theory and Continental philosophy. Moreover, Kearney's trilogy offers a thorough and insightful analysis of major issues and debates across disciplinary fields."

-Victor E. Taylor, York College of Pennsylvania, "Journal of the American Academy of Religion

**Marcia Marshall:**

As a pupil exactly feel bored in order to reading. If their teacher asked them to go to the library in order to make summary for some reserve, they are complained. Just tiny students that has reading's internal or real their leisure activity. They just do what the professor want, like asked to go to the library. They go to there but nothing reading seriously. Any students feel that reading through is not important, boring and also can't see colorful photos on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore , this Strangers, Gods and Monsters: Interpreting Otherness can make you experience more interested to read.
