**Build Your Own HARVEST TABLE 6, 7, 8 or 10 ft long Classic RUSTIC DINING TABLE Pattern DIY PLANS; So Easy, Beginners Look Like Experts; PDF Download Version so you can get it NOW!** By Peter Harrington

This is a complete SET OF PLANS for my favorite 22" WIDE X 6' LONG, 30" WIDE X 7' LONG, 35-1/2" WIDE X 8' LONG, and 37-1/2" WIDE X 10' LONG CLASSIC HARVEST TABLE. (That's right; ALL four sizes!!!) This is NOT available in any store!!!

The Harvest Table Upon Completion features:

- 1) Attractive and Rustic Design.
- 2) Level, Sturdy, and Strong Design.
- 3) Four designs to build from 6' Long to 10' Long!!
- 4) Step by Step and easy directions with diagrams for every step.
- 5) Blueprint like patterns; Larger Diagrams for those important Steps.
- 6) Complete Materials List & Pattern Dimensions that use the least \$ of bldg. material!
- 7) Designed by an Experienced Expert Wood Worker with over 20 years of experience!!
- 8) Continued Technical Support from Me "WoodPatternExpert"; 20 Years of Experience!
- 9) Table Top that is at the most comfortable height in accordance with Standard Seat Heights.

My instructions with easy to follow patterns and directions are designed as a construction project for the beginner woodworker. Extensive attention is given to speed and ease of construction, with a minimum and choice of tools. A great Table can be built with just a skill saw, clamps, drill, and hand plane. Directions are aimed at the beginner woodworker, but should not bore even an experienced carpenter.

**WARNING:** Everyone Will Love This Classic Harvest Table Design. Just about everyone who sees it will want you to build one or more, for them. (That's the reason I decided to write these plans.) Unlike most plans out there, you will be able to understand these! I have looked at others and I guarantee they are not as

good as my plans!

The plan features:

- 18 pages containing very detailed, step by step instructions.
- Each step includes diagrams and or photographs to assist in the construction process.
- 4 Patterns; One for each piece that makes construction so easy even those who have never worked with wood could make the project and make it look like a professional built it!
- Can be built entirely from any wood of your choice.
- Tips, Tricks and Notes that allow you to cut without error the first time.
- Can be built with just basic tools.
- This project plan is designed for the beginner woodworker, but should not bore even the most experienced carpenter.
