CLEP® Chemistry Book + Online (CLEP Test Preparation) By Kevin R. Reel, CLEP

Earn College Credit with REA's Test Prep for CLEP® Chemistry

Everything you need to pass the exam and get the college credit you deserve.

CLEP® is the most popular credit-by-examination program in the country, accepted by more than 2,900 colleges and universities. For over 15 years, REA has helped students pass the CLEP® exam and earn college credit while reducing their tuition costs.

Our CLEP® test preps are perfect for adults returning to college (or attending for the first time), military service members, high-school graduates looking to earn college credit, or home-schooled students with knowledge that can translate into college credit.

There are many different ways to prepare for the CLEP® exam. What's best for you depends on how much time you have to study and how comfortable you are with the subject matter. Our test prep for CLEP® Chemistry and the free online tools that come with it, will allow you to create a personalized CLEP® study plan that can be customized to fit you: your schedule, your learning style, and your current level of knowledge.

Here's how it works:

Diagnostic exam at the REA Study Center focuses your study

Our online diagnostic exam pinpoints your strengths and shows you exactly where you need to focus your study. Armed with this information, you can personalize your prep and review where you need it the most.

Most complete subject review for CLEP® Chemistry

Our targeted review covers all the material you'll be expected to know for the exam and includes a glossary of must-know terms.

Two full-length practice exams

The online REA Study Center gives you two full-length practice tests and the most powerful scoring analysis and diagnostic tools available today. Instant score reports help you zero in on the CLEP® Chemistry topics that give you trouble now and show you how to arrive at the correct answer-so you'll be prepared on test day.

REA is the acknowledged leader in CLEP® preparation, with the most extensive library of CLEP® titles available. Our test preps for CLEP® exams help you earn valuable college credit, save on tuition, and get a head start on your college degree.

PASSING THE CLEP CHEMISTRY EXAM

Congratulations! You're joining the millions of people who have discovered the value and educational advantage offered by the College Board's College-Level Examination Program, or CLEP. This test prep covers everything you need to know about the CLEP Chemistry exam, and will help you earn the college credit you deserve while reducing your tuition costs.

GETTING STARTED

There are many different ways to prepare for a CLEP exam. What's best for you depends on how much time you have to study and how comfortable you are with the subject matter. To score your highest, you need a system that can be customized to fit you: your schedule, your learning style, and your current level of knowledge.

This book, and the online tools that come with it, allow you to create a personalized study plan through three simple steps: assessment of your knowledge, targeted review of exam content, and reinforcement in the areas where you need the most help.

Let's get started and see how this system works.

Test Yourself & Get Feedback

Score reports from your online diagnostic and practice tests give you a fast way to pinpoint what you already know and where you need to spend more time studying.

Review with the Book

Study the topics tested on the CLEP exam. Targeted review chapters cover everything you need to know.

Improve Your Score

Armed with your score reports, you can personalize your study plan. Review the parts of the book where you're weakest and study the answer explanations for the test questions you answered incorrectly.

THE REA STUDY CENTER

The best way to personalize your study plan and focus on your weaknesses is to get feedback on what you know and what you don't know. At the online REA Study Center, you can access two types of assessment: a diagnostic exam and full-length practice exams. Each of these tools provides true-to-format questions and delivers a detailed score report that follows the topics set by the College Board.

Diagnostic Exam

Before you begin your review with the book, take the online diagnostic exam. Use your score report to help evaluate your overall understanding of the subject, so you can focus your study on the topics where you need the most review.

Full-Length Practice Exams

These practice tests give you the most complete picture of your strengths and weaknesses. After you've finished reviewing with the book, test what you've learned by taking the first of the two online practice exams. Review your score report, then go back and study any topics you missed. Take the second practice test to ensure you have mastered the material and are ready for test day.

If you're studying and don't have Internet access, you can take the printed tests in the book. These are the same practice tests offered at the REA Study Center, but without the added benefits of timed testing conditions and diagnostic score reports. Because the actual exam is computer-based, we recommend you take at least one practice test online to simulate test-day conditions.

AN OVERVIEW OF THE EXAM

The CLEP Chemistry exam consists of 75 multiple-choice questions, each with five possible answer choices, to be answered in 90 minutes. The exam covers the material one would find in a one-year college-level general chemistry course. The exam emphasizes the following topics: structure and states of matter, reaction types, equations and stoichiometry, equilibrium, kinetics, thermodynamics, and descriptive and experimental chemistry.

The approximate breakdown of topics is as follows:

20% Structure of Matter

19% States of Matter

12% Reaction Types

10% Equations and Stoichiometry

7% Equilibrium

4% Kinetics

5% Thermodynamics

14% Descriptive Chemistry

9% Experimental Chemistry

ALL ABOUT THE CLEP PROGRAM

What is the CLEP?

CLEP is the most widely accepted credit-by-examination program in North America. CLEP exams are available in 33 subjects and test the material commonly required in an introductory-level college course.

Examinees can earn from three to twelve credits at more than 2,900 colleges and universities in the U.S. and Canada. For a complete list of the CLEP subject examinations offered, visit the College Board website: www.collegeboard.org/clep.

Who takes CLEP exams?

CLEP exams are typically taken by people who have acquired knowledge outside the classroom and who wish to bypass certain college courses and earn college credit. The CLEP program is designed to reward examinees for learning—no matter where or how that knowledge was acquired.

Although most CLEP examinees are adults returning to college, many graduating high school seniors, enrolled college students, military personnel, veterans, and international students take CLEP exams to earn college credit or to demonstrate their ability to perform at the college level. There are no prerequisites, such as age or educational status, for taking CLEP examinations.

However, because policies on granting credits vary among colleges, you should contact the particular institution from which you wish to receive CLEP credit.

Who administers the exam?

CLEP exams are developed by the College Board, administered by Educational Testing Service (ETS), and involve the assistance of educators from throughout the United States. The test development process is designed and implemented to ensure that the content and difficulty level of the test are appropriate.

When and where is the exam given?

CLEP exams are administered year-round at more than 1,200 test centers in the United States and can be arranged for candidates abroad on request. To find the test center nearest you and to register for the exam, contact the CLEP Program:

CLEP Services

P.O. Box 6600

Princeton, NJ 08541-6600

Phone: (800) 257-9558 (8 a.m. to 6 p.m. ET)

Fax: (609) 771-7088

Website: www.collegeboard.org/clep

OPTIONS FOR MILITARY PERSONNEL AND VETERANS

CLEP exams are available free of charge to eligible military personnel and eligible civilian employees. All the CLEP exams are available at test centers on college campuses and military bases. Contact your Educational Services Officer or Navy College Education Specialist for more information. Visit the DANTES or College Board websites for details about CLEP opportunities for military personnel.

Eligible U.S. veterans can claim reimbursement for CLEP exams and administration fees pursuant to provisions of the Veterans Benefits Improvement Act of 2004. For details on eligibility and submitting a claim for reimbursement, visit the U.S. Department of Veterans Affairs website at www.gibill.va.gov. CLEP can be used in conjunction with the Post-9/11 GI Bill, which applies to veterans returning from the Iraq and Afghanistan theaters of operation.

Because the GI Bill provides tuition for up to 36 months, earning college credits with CLEP exams expedites academic progress and degree completion within the funded timeframe.

SSD ACCOMMODATIONS FOR CANDIDATES WITH DISABILITIES

Many test candidates qualify for extra time to take the CLEP exams, but you must make these arrangements in advance. For information, contact:

College Board Services for Students with Disabilities

P.O. Box 6226

Princeton, NJ 08541-6226

Phone: (609) 771-7137 (Monday through Friday, 8 a.m. to 6 p.m. ET)

TTY: (609) 882-4118

Fax: (609) 771-7944

E-mail: ssd@info.collegeboard.org

Users Review

From reader reviews:

Diane Reid:

The book CLEP® Chemistry Book + Online (CLEP Test Preparation) can give more knowledge and also the precise product information about everything you want. So why must we leave the best thing like a book CLEP® Chemistry Book + Online (CLEP Test Preparation)? Wide variety you have a different opinion about reserve. But one aim that book can give many facts for us. It is absolutely proper. Right now, try to closer using your book. Knowledge or facts that you take for that, it is possible to give for each other; you may share all of these. Book CLEP® Chemistry Book + Online (CLEP Test Preparation) has simple shape nevertheless, you know: it has great and large function for you. You can appearance the enormous world by start and read a publication. So it is very wonderful.

Rodolfo Rodgers:

A lot of people always spent their very own free time to vacation or even go to the outside with them family members or their friend. Are you aware? Many a lot of people spent that they free time just watching TV, or even playing video games all day long. If you need to try to find a new activity that's look different you can read a new book. It is really fun for you. If you enjoy the book you read you can spent 24 hours a day to reading a e-book. The book CLEP® Chemistry Book + Online (CLEP Test Preparation) it is extremely good to read. There are a lot of individuals who recommended this book. These folks were enjoying reading this book. When you did not have enough space to bring this book you can buy typically the e-book. You can more simply to read this book through your smart phone. The price is not too expensive but this book provides high quality.

Derick Heinz:

Reading can called mind hangout, why? Because when you find yourself reading a book specifically book entitled CLEP® Chemistry Book + Online (CLEP Test Preparation) your thoughts will drift away trough every dimension, wandering in each and every aspect that maybe unidentified for but surely will become your mind friends. Imaging every single word written in a e-book then become one contact form conclusion and explanation which maybe you never get previous to. The CLEP® Chemistry Book + Online (CLEP Test Preparation) giving you an additional experience more than blown away the mind but also giving you useful data for your better life with this era. So now let us demonstrate the relaxing pattern the following is your body and mind is going to be pleased when you are finished reading it, like winning a casino game. Do you want to try this extraordinary wasting spare time activity?

Eunice Nunn:

Reading a e-book make you to get more knowledge as a result. You can take knowledge and information originating from a book. Book is composed or printed or created from each source that filled update of news. On this modern era like at this point, many ways to get information are available for anyone. From media social just like newspaper, magazines, science publication, encyclopedia, reference book, fresh and comic.

You can add your understanding by that book. Are you hip to spend your spare time to spread out your book? Or just seeking the CLEP® Chemistry Book + Online (CLEP Test Preparation) when you desired it?
