## Super You: Release Your Inner Superhero By Emily V. Gordon

Superheroes don't start from glorious beginnings. Their origins are almost always marked by traumatic events that leave them helpless and scared. Batman witnessed his parents' murder. Superman was sent away from his dying planet with no one to guide him as he grew up. Orphaned Catwoman was forced to steal food to survive on the streets of Gotham.

What makes these superheroes super is their determination to not be defined by helplessness. They embrace their origins, their flaws, and their mistakes, and strive every day to become the best versions of themselves – for the benefit of themselves and others.

*Super You* is a fun, friendly, and unabashedly geeky guide to becoming the superhero of your own extraordinary life. Author Emily Gordon examines comic book tropes to find lessons that anyone can apply toward overcoming tragic events and adversity in their own lives. With activities in every chapter to help identify each person's superpowers, special tools, personal kryptonite – and weapons against it – *Super You* is the perfect sidekick for every growing hero, empowering everyday people to transform into the most kick-ass versions of themselves.
