The Three Little Wolves and the Big Bad Pig By Eugene Trivizas

When it comes time for the three little wolves to go out into the world and build themselves a house, their mother warns them to beware the big bad pig. But the little wolves' increasingly sturdy dwellings are no match for the persistent porker, who has more up his sleeve than huffing and puffing. It takes a chance encounter with a flamingo pushing a wheelbarrow full of flowers to provide a surprising and satisfying solution to the little wolves' housing crisis.

Eugene Trivizas's hilarious text and Helen Oxenbury's enchanting watercolors have made this delightfully skewed version of the traditional tale a contemporary classic.

Editorial Review

From Publishers Weekly

A talented team ingeniously up-ends the classic tale of the three little pigs, and the laugh-out-loud results begin with the opening illustration--a mother wolf lounges in bed, her hair in curlers and her toenails freshly polished, with her three fluffy, cuddly offspring gathered round. The wolf siblings, amply warned about the big bad pig, construct their first house of sturdy brick, a medium which resists the pig's huffing and puffing but is no match for his sledgehammer. Their abodes become progressively more fortress-like, and the pig's implements of destruction, correspondingly, grow heftier, until the wolves try another tack and weave a house of flowers. The fragrance so intoxicates and tames the pig that he and the wolves live together happily ever after. In his English-language debut (see note, p. 55), Trivizas laces the text with funny, clever touches, from an ensemble of animals who obligingly donate whatever building materials the wolves require, to the wolves' penultimate, armor-plated residence replete with a "video entrance phone" over which the pig can relay his formulaic threats. Oxenbury's watercolors capture the story's broad humor and add a wealth of supplementary details, with exquisite renderings of the wolves' comic temerity and the pig's bellicose stances. Among the wittiest fractured fairytales around. Ages 5-10.

From School Library Journal

PreSchool-Grade 3. A menacing pig is thwarted by three endearing young wolves in this new twist on the porcine favorite. Three cheers for these frisky, frolicking creatures?and for the swine who learns the joy of friendship and beauty.

From Kirkus Reviews

Never mind the other incarnations of this tale--classic, fractured, rapped; this inversion will have children giggling from the outset. Sent into the world by a mother who wears hair curlers, three ``cuddly'' wolves build a brick house, then try to fend off a snarling thug of a pig who demolishes it with a sledgehammer. Their next place is concrete; the pig has a pneumatic drill. They construct a metal fortress, complete with steel chains and Plexiglas; the pig goes for dynamite. Then they build a house of flowers and the pig pulls a ``Ferdinand," not only reforming but making it a happy m,nage ... quatre. This latter-day plea for a peaceable kingdom reckons once and for all with the question at the core of this familiar tale--why must pigs and wolves be enemies? Oxenbury provides dauntingly well-executed watercolors, offering such charming contrasts as an angular modernistic concrete home in an otherwise pastoral setting. (Picture book. 5-10) --
