Inside Microsoft Dynamics AX 2012 R3 By *The Microsoft Dynamics AX Team*

Fully updated for Microsoft Dynamics AX 2012 R3!

Dig into the architecture and internals of Microsoft Dynamics AX 2012 R3 - with firsthand insights from the team that designed and developed it. Deepen your knowledge of the underlying frameworks, components, and tools - and deliver custom ERP applications with the extensibility and performance your business needs. Useful for Microsoft Dynamics AX solution developers at all levels, this guide will provide max benefit to those who understand OOP, relational database, and Transact-SQL concepts.

Gain best practices, patterns, and techniques to:

- Exploit interoperability with Microsoft Visual Studio tools
- Work with MorphX and avoid common pitfalls with X++ code
- Use Enterprise Portal with ASP.NET and SharePoint for rich web-based apps
- Simplify process automation with built-in workflow infrastructure
- See how the runtime implements security and configuration
- Design and customize the user experience
- Gain greater control over complex batch jobs
- Customize the prebuilt BI solution and reporting
- Test applications, publish services, and optimize performance

Editorial Review

About the Author

The **Microsoft Dynamics AX Team** focuses on business-application innovation and developer productivity. The program managers, software architects, test architects, software design engineers, and developer leads who helped write this book spanned two continents yet shared a common vision: Deliver as much technical depth and developer-specific guidance as possible in a single reference.

Users Review

From reader reviews:

Kevin Miller:

Book is usually written, printed, or descriptive for everything. You can realize everything you want by a guide. Book has a different type. As you may know that book is important matter to bring us around the world. Next to that you can your reading expertise was fluently. A guide Inside Microsoft Dynamics AX 2012 R3 will make you to possibly be smarter. You can feel far more confidence if you can know about almost everything. But some of you think that will open or reading the book make you bored. It is far from make you fun. Why they might be thought like that? Have you searching for best book or appropriate book with you?

Sanjuana Day:

As people who live in the actual modest era should be update about what going on or info even knowledge to make them keep up with the era which is always change and make progress. Some of you maybe will update themselves by examining books. It is a good choice for you but the problems coming to you is you don't know which one you should start with. This Inside Microsoft Dynamics AX 2012 R3 is our recommendation to cause you to keep up with the world. Why, because this book serves what you want and wish in this era.

Meghan Drucker:

Reading a reserve can be one of a lot of exercise that everyone in the world adores. Do you like reading book and so. There are a lot of reasons why people enjoyed. First reading a book will give you a lot of new data. When you read a guide you will get new information mainly because book is one of several ways to share the information as well as their idea. Second, studying a book will make anyone more imaginative. When you looking at a book especially hype book the author will bring you to definitely imagine the story how the character types do it anything. Third, you are able to share your knowledge to others. When you read this Inside Microsoft Dynamics AX 2012 R3, you could tells your family, friends in addition to soon about yours publication. Your knowledge can inspire different ones, make them reading a book.

Virginia White:

In this era globalization it is important to someone to acquire information. The information will make someone to understand the condition of the world. The health of the world makes the information much easier to share. You can find a lot of sources to get information example: internet, newspaper, book, and soon. You can observe that now, a lot of publisher which print many kinds of book. Often the book that recommended to you personally is Inside Microsoft Dynamics AX 2012 R3 this publication consist a lot of the information of the condition of this world now. This specific book was represented how do the world has grown up. The words styles that writer make usage of to explain it is easy to understand. The writer made some research when he makes this book. That is why this book suitable all of you.
