### Editorial Review

#### Review

"Day and Gastel offer much wisdom in cutting through the red tape to avoid missteps. . . . *How to Write and Publish a Scientific Paper* is a strongly recommended addition to any novice and aspiring person of science's personal library collection." - **Midwest Book Review**

"Although one would not read this book from cover to cover, the sections are self-sustaining and can be read as a topic of interest may arise. I recommend this book for the library of medical writers." - **American Medical Writers Association (AMWA) Journal**

"The comprehensive yet brief guide covers many facets of authorship and scientific stewardship. It is an excellent place to start after your research idea is formed and you are ready to start writing. It will become your "go-to" book for general questions about scientific publication and presentation." - **Journal of the American Academy of Child & Adolescent Psychiatry**

"Day and Gastel provide a clearly written and playfully humorous overview of scientific writing that is a valuable read for beginning scientists and a useful resource for technical communicators new to the field." - **Technical Communication**

#### About the Author

**Robert A. Day** is professor emeritus of English at the University of Delaware, Newark, DE.

**Barbara Gastel, MD**, is professor of integrative biosciences and medical humanities at Texas A&M University, College Station, TX.
