Introduction to Counseling and Guidance By Robert L. Gibson, Marianne Mitchell

The seventh edition of Gibson & Mitchell's *Introduction to Counseling and Guidance* retains its logical progression of topics, while introducing the latest technologies, concepts, and applications in the counselor's repertoire. As they have in previous editions, the authors present practical examples and discussions of all of the major facets of counseling in a wide variety of counselors' work settings. The authors include a thorough treatment of techniques of assessment, including an overview of standardized testing and discussion of subjective approaches to appraisal—observation, self-reporting, and others. And they give the vital topics of program development/management and legal/ethical issues their due, by giving them their own chapters. For professionals in the field of counseling.

Editorial Review

From the Publisher

A comprehensive introduction to counseling services as provided through a wide variety of service delivery milieus, both school and non-school. Rather than an in-depth treatment of a few topics, this text offers a broad-based, general discussion, the goal of which is to provide an understanding of five major facets of counseling: 1) the historical perspective of counseling and current activities of counselors; 2) the role and function of counselors in a variety of settings; 3) techniques used by counselors; 4) the organization of counseling programs; and, 5) legal and ethical guidelines for prospective counselors. First page to last, material is presented in an appealing, informal style that makes it readable and enjoyable as well as informative.

From the Back Cover

This book presents practical examples and discussions of the major facets of counseling in both school and non-school settings. The reader is provided with an overview and general discussion of six critical areas —1) historical perspectives and current activities of counselors, 2) the role and function of counselors in a variety of settings, 3) techniques utilized by counselors, 4) the organization of counseling programs, 5) research and evaluation responsibilities, and 6) legal and ethical guidelines. For educators, practicing counselors, group leaders, and the like.

Users Review

From reader reviews:

Lewis Wood:

What do you ponder on book? It is just for students since they're still students or this for all people in the world, exactly what the best subject for that? Simply you can be answered for that question above. Every person has several personality and hobby for every other. Don't to be forced someone or something that they don't need do that. You must know how great along with important the book *Introduction to Counseling and Guidance*. All type of book are you able to see on many solutions. You can look for the internet resources or other social media.

Mike Gray:

Here thing why this particular *Introduction to Counseling and Guidance* are different and reliable to be yours. First of all reading through a book is good but it really depends in the content of it which is the content is as delicious as food or not. *Introduction to Counseling and Guidance* giving you information deeper including different ways, you can find any e-book out there but there is no guide that similar with *Introduction to Counseling and Guidance*. It gives you thrill examining journey, its open up your current eyes about the thing which happened in the world which is possibly can be happened around you. You can easily bring everywhere like in playground, café, or even in your technique home by train. For anyone who is having difficulties in bringing the branded book maybe the form of *Introduction to Counseling and Guidance* in e-book can be your substitute.
