Profit Over People: Neoliberalism & Global Order By Noam Chomsky

Why is the Atlantic slowly filling with crude petroleum, threatening a millions-of-years-old ecological balance? Why did traders at prominent banks take high-risk gambles with the money entrusted to them by hundreds of thousands of clients around the world, expanding and leveraging their investments to the point that failure led to a global financial crisis that left millions of people jobless and hundreds of cities economically devastated? Why would the world's most powerful military spend ten years fighting an enemy that presents no direct threat to secure resources for corporations?

The culprit in all cases is neoliberal ideology—the belief in the supremacy of "free" markets to drive and govern human affairs. And in the years since the initial publication of Noam Chomsky's *Profit Over People: Neoliberalism and Global Order*, the bitter vines of neoliberalism have only twisted themselves further into the world economy, obliterating the public's voice in public affairs and substituting the bottom line in place of people's basic obligation to care for one another as ends in themselves. In *Profit Over People*, Chomsky reveals the roots of the present crisis, tracing the history of neoliberalism through an incisive analysis of free trade agreements of the 1990s, the World Trade Organization, and the International Monetary Fund—and describes the movements of resistance to the increasing interference by the private sector in global affairs. In the years since the initial publication of *Profit Over People*, the stakes have only risen. Now more than ever, *Profit Over People* is one of the key texts explaining how the crisis facing us operates—and how, through Chomsky's analysis of resistance, we may find an escape from the closing net.

Editorial Review

About the Author

Born in Philadelphia in 1928, **NOAM CHOMSKY** is known throughout the world for his political writings, activism, and for his groundbreaking work in linguistics. A professor at Massachusetts Institute of Technology since 1955, Chomsky gained recognition in academic circles for his theory of transformational grammar, which drew attention to the syntactic universality of all human languages. But it is as a critic of unending war, corporate control and neoliberalism that Chomsky has become one of the country's most well known public intellectuals. The 1969 publication of *American Power and the New Mandarins* marked the beginning of Chomsky's rigorous public criticism of American hegemony and its lieges. Since then, with his tireless scholarship and an unflagging sense of moral responsibility, he has become one of the most influential writers in the world. Chomsky is the author of *Manufacturing Consent: The Political Economy of the Mass Media* (with Edward S. Herman), *Profit Over People: Neoliberalism and Global Order*, and over one hundred other books. To this day Noam Chomsky remains an active and uncompromising voice of dissent.

Users Review

From reader reviews:

Eric Freeman:

The e-book with title Profit Over People: Neoliberalism & Global Order possesses a lot of information that you can understand it. You can get a lot of gain after read this book. This specific book exist new knowledge the information that exist in this guide represented the condition of the world now. That is important to you to find out how the improvement of the world. Do you want to try this extraordinary investing spare time activity?

Tiffany Lyons:

As a scholar exactly feel bored to reading. If their teacher requested them to go to the library as well as to make summary for some book, they are complained. Just small students that has reading's soul or real their passion. They just do what the teacher want, like asked to go to the library. They go to presently there but nothing reading seriously. Any students feel that examining is not important, boring in addition to can't see colorful images on there. Yeah, it is to be complicated. Book is very important for you personally. As we know that on this time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore , this Profit Over People: Neoliberalism & Global Order can make you feel more interested to read.

Alma Lewis:

Many people said that they feel fed up when they reading a book. They are directly felt it when they get a half elements of the book. You can choose the particular book Profit Over People: Neoliberalism & Global Order to make your personal reading is interesting. Your skill of reading skill is developing when you like reading. Try to choose simple book to make you enjoy to read it and mingle the feeling about book and studying especially. It is to be initial opinion for you to like to start a book and examine it. Beside that the e-book Profit Over People: Neoliberalism & Global Order can to be a newly purchased friend when you're really feel alone and confuse with the information must you're doing of this time.
