The Bone Collector: The First Lincoln Rhyme Novel By Jeffery Deaver

In his most gripping thriller yet, **Jeffery Deaver** takes readers on a terrifying ride into two ingenious minds...that of a physically challenged detective and the scheming killer he must stop. The detective was the former head of forensics at the NYPD, but is now a quadriplegic who can only exercise his mind. The killer is a man whose obsession with old New York helps him choose his next victim. Now, with the help of a beautiful young cop, this diabolical killer must be stopped before he can kill again!

Editorial Review

Amazon.com Review

The hero of Jeffery Deaver's thriller *The Bone Collector* is Lincoln Rhyme, a forensic scientist known to his peers as "the world's foremost criminalist." Rhyme will need all his reason--and his considerable stock of high-tech tools--about him to solve this latest brain-twister: a serial killer with method to his madness. In tried and true thriller fashion, the killer's crimes are described in lurid detail, as is the astounding technological equipment with which Rhyme examines the evidence--everything from an energy-dispersive x-ray unit to a mass spectrometer.

Every fictional detective has his or her gimmick, from Sherlock Holmes's violin to Nero Wolf's orchids, and Rhyme is no exception. He is a quadriplegic who can move nothing but a single finger. Gadget-philes will be in seventh heaven reading about Lincoln Rhyme's tools; other readers might feel the book could do with a few more plausible characters and a little less technology.

From Publishers Weekly

Deaver (*A Maiden's Grave*) is too fond of gimmicks. They range in this novel from the extreme (his detective here, Lincoln Rhyme, is a quadriplegic who can move only one finger) to the moderately eccentric (beautiful policewoman Amelia Sachs, who acts as Rhyme's arms and legs, suffers from arthritis). And his villain, a serial killer who models his crimes on ones he finds in a book on criminal life in old New York, has an uncomfortable way of slaying each of his victims in ways guaranteed to stop the heart or turn the stomach: buried alive, flayed by high-pressure steam, eaten by hungry rats, burned alive, attacked by mad dogs. All this takes place in the course of one busy New York weekend as the killer helpfully leaves playful little clues as to where he's going to strike next and Rhyme uses his immense savvy (and a battery of computerized testing tools) to figure it out. The whole affair, in fact, is incredibly silly, though the headlong narrative, with Sachs arriving in the nick of time (driving at 80 mph through New York streets) to perform rescues that seem to belong in a comic strip rather than a novel, never lets up, and there is plenty of genuine forensic knowledge in evidence. There are dramatic switcheroos up to the very last page, and a climactic battle to the death that might make even teenage boys wince. For it seems to be at that kind of readership?uncritical and doting on violence?that the novel is aimed. 100,000 first printing; \$100,000 ad/promo; film rights sold to Martin Bregman and Universal Pictures; simultaneous Penguin audio. (Mar.) FYI: An HBO movie of *A Maiden's Grave*, starring James Garner and Marlee Matlin, will air in January 1997.

From Library Journal

The endearing protagonist in this riveting thriller is Lincoln Rhyme, a former forensics expert and cop who longs for death after an accident leaves him without the use of his limbs. Raymond Burr's Ironside he's not, as bitterness and indifference drive him toward suicide. But Rhyme soon finds a reason to live when his former colleagues enlist his help in catching a brutal serial killer. Partnered with Amelia Sachs, a (what else?) gorgeous female cop, Rhyme follows the trail of evidence left by the killer, who seems obsessed with historic New York. Although much of the forensic and police procedural details have been excised in this abridgment, the story remains fulfilling, thanks in part to David McCallum's excellent reading.

Recommended for popular suspense collections. Deaver is also the author of *A Maiden's Grave* (Penguin Audiobks., 1995).?Mark Annichiarico, "Library Journal"
