Gold Standard Optometry Admission Test (OAT) Review, Complete 4-Book Preparation Set with Practice Test (Optometry Admission Test) By Gold Standard Team

Over 25 years of experience in test prep materials! Ace the DAT with Gold Standard!

4 books

Over 1300 pages!

5 full-length practice tests

Over 2000 practice questions

Author: The Gold Standard team of authors and editors includes professionals with advanced academic degrees in science and the arts as well as professionals with academic degrees in dentistry.

Description: This complete OAT 4-Book set includes an ambitious and comprehensive review of all OAT subjects - over 1300 pages.

Natural Science (NS) subjects are covered in remarkable detail with full-color illustrations (biology, general and organic chemistry, physics) plus a thorough preparation for Quantitative Reasoning (QR/Math) and Reading Comprehension (RC). In the books and online, we provide **over 2000 practice multiple choice questions** covering all OAT subjects including strategy-type questions, chapter review questions and 2 full-length practice tests with detailed explanations.

The Gold Standard OAT Physics with Practice Tests begins with advice as to how to improve your grades, how to prepare for the optometry school interview including strategies and sample interview questions, and general OAT strategies.

Why does it say DAT on the books if the listing says OAT test review?

The American Dental Association (ADA) constructs the questions used for the DAT and for the OAT: 3 of the 4 exam sections cover the identical material for both tests. The Gold Standard DAT 4-book set is identical to OAT prep except DAT PAT, which is replaced by OAT Physics in this set. All subjects (biology, general and organic chemistry, QR/Math and RC), that are needed to ace the OAT exam, are covered in detail in this set of books: nothing more, nothing less.

Please note that the Gold Standard reviews all topics described on the ADA/ASCO website.
