## Evolving in Monkey Town: How a Girl Who Knew All the Answers Learned to Ask the Questions By Rachel Held Evans

Eighty years after the Scopes Monkey Trial made a spectacle of Christian fundamentalism and brought national attention to her hometown, Rachel Held Evans faced a trial of her own when she began to have doubts about her faith. Growing up in a culture obsessed with apologetics, Evans asks questions she never thought she would ask. She learns that in order for her faith to survive in a postmodern context, it must adapt to change and evolve. Using as an illustration her own spiritual journey from certainty, through doubt, to faith, Evans adds a unique perspective to the ongoing dialogue about postmodernism and the church that has so captivated the Christian community in recent years. In a changing cultural environment where new ideas threaten the safety and security of the faith, *Evolving in Monkey Town* is a fearlessly honest story of survival.

### Editorial Review

#### Review

“These days the stories I love to read are the ones that ask questions, that live in the tension, that allow me to bring my doubt and uncertainty and join the conversation. Rachel Held Evans’ *Evolving in Monkey Town* is one of those stories.” -- Shauna Niequist|“This book is an argument---Rachel argues with herself, God, the Bible, and Southern fundamentalism. Somehow, though, we are the winners in this argument because we learn and watch as a young woman emerges into a maturing faith that lets the kingdom vision of Jesus reshape her life. I found myself cheering her on.” -- Scot McKnight|“Rachel Held Evans is brilliant, gutsy, real, and hilarious, and *Evolving in Monkey Town* impacted my spiritual journey in ways I never imagined. I can’t remember a book that I enjoyed reading more, partly because Rachel is a great writer, and partly because she so fearlessly examines the conflict between her inherited beliefs about God and the truth of her own spiritual experience. There’s a certain weight to *Evolving in Monkey Town* that distinguishes it from the other spiritual memoir books out there.” -- Jim Palmer|“Can I tell you how much I admire Rachel Held Evans? She is smart, compassionate, funny, and relentlessly inquisitive. It is the questions she asks, not the answers she uncovers, that make *Evolving in Monkey Town* such a compelling read. There are many good books worth reading, but a truly remarkable book will leave you pondering matters long after the cover is closed. I loved this book. That Evans wrote a remarkable debut at such a young age makes me want to slap her, bless her heart.” -- Karen Spears Zacharias|“Rachel’s humorous yet humble memoir of growing up in the evangelical world serves as an encouraging guide for anyone looking to navigate through that particular subculture. As I saw my own journey reflected in its pages, I appreciated Rachel’s honesty in revealing the doubts and questions that arose when she confronted the cracks in the evangelical facade. The story told here is both faith and doubt affirming, a beautiful reflection of a heart earnestly seeking to follow God fully.” -- Julie Clawson|“A whole generation of evangelicalism’s brightest young people, based upon a common misunderstanding of 1 Peter 3:15, was taught that vital, living faith is established by a ‘worldview’ that one can explain and defend. Rachel Held Evans, a bright and talented young writer with obvious courage, challenges this ‘sacred cow.’ Her discovery is surely right---we need a faith that obeys, not a worldview rooted in absolute certainty. She will help you embrace the questions without losing the reality of faith.” -- John H. Armstrong
