MKSAP 17 General Internal Medicine From American College of Physicians

The 17th edition of Medical Knowledge Self-Assessment Program (MKSAP(R) 17) is specifically intended for physicians who provide personal, nonsurgical care to adults. Included are: general internists and primary care physicians; subspecialists who need to remain up-to-date in internal medicine; residents preparing for the Certification Exam in internal medicine; physicians preparing for the Maintenance of Certification Exam in internal medicine. The learning objectives of MKSAP(R) 17 are to:^{*} Close gaps between actual care in your practice and preferred standards of care, based on best evidence.^{*} Diagnose disease states that are less common and sometimes overlooked and confusing.^{*} Improve management of comorbid conditions that can complicate patient care.^{*} Determine when to refer patients for surgery or care by subspecialists.^{*} Pass the ABIM Certification Examination and the ABIM Maintenance of Certification Examination. MKSAP(R) 17 General Internal Medicine offers insights on interpretation of the medical literature, routine care of the healthy patient, patient safety, professionalism and ethics, palliative care, chronic pain, acute and chronic cough, chronic fatigue, dizziness, insomnia, syncope, chest pain, peripheral oedema, musculoskeletal pain, dyslipidemia, obesity, men's health, women's health, eye disorders, ear, nose, mouth, and throat disorders, anorectal disorders, mental and behavioural health, geriatric medicine, and perioperative medicine. It includes 168 multiple-choice questions.

Editorial Review

Users Review

From reader reviews:

Bethany Christiansen:

Book is written, printed, or descriptive for everything. You can realize everything you want by a publication. Book has a different type. To be sure that book is important matter to bring us around the world. Beside that you can your reading ability was fluently. A publication MKSAP 17 General Internal Medicine will make you to always be smarter. You can feel a lot more confidence if you can know about anything. But some of you think that will open or reading a new book make you bored. It isn't make you fun. Why they can be thought like that? Have you seeking best book or suited book with you?

Tommie Payton:

Information is provisions for people to get better life, information nowadays can get by anyone with everywhere. The information can be a understanding or any news even a concern. What people must be consider if those information which is inside former life are challenging to be find than now is taking seriously which one works to believe or which one the particular resource are convinced. If you have the unstable resource then you buy it as your main information there will be huge disadvantage for you. All of those possibilities will not happen throughout you if you take MKSAP 17 General Internal Medicine as your daily resource information.

Walter Dion:

Playing with family in a park, coming to see the marine world or hanging out with good friends is thing that usually you may have done when you have spare time, and then why you don't try matter that really opposite from that. A single activity that make you not experience tired but still relaxing, trilling like on roller coaster you have been ride on and with addition details. Even you love MKSAP 17 General Internal Medicine, you may enjoy both. It is great combination right, you still need to miss it? What kind of hang type is it? Oh can happen its mind hangout fellas. What? Still don't obtain it, oh come on its identified as reading friends.

Nancy Stever:

Many people spending their time period by playing outside having friends, fun activity using family or just watching TV all day long. You can have new activity to pay your whole day by reading through a book. Ugh, you think reading a book can definitely hard because you have to bring the book everywhere? It okay you can have the e-book, delivering everywhere you want in your Smart phone. Like MKSAP 17 General Internal Medicine which is obtaining the e-book version. So , try out this book? Let's observe.
