Security Consulting, Fourth Edition By Charles A. Sennewald CPP

Since 9/11, business and industry has paid close attention to security within their own organizations. In fact, at no other time in modern history has business and industry been more concerned with security issues. A new concern for security measures to combat potential terrorism, sabotage, theft and disruption -- which could bring any business to its knees -- has swept the nation. This has opened up a huge opportunity for private investigators and security professionals as consultants. Many retiring law enforcement and security management professionals look to enter the private security consulting market. Security consulting often involves conducting in-depth security surveys so businesses will know exactly where security holes are present and where they need improvement to limit their exposure to various threats. The fourth edition of *Security Consulting* introduces security and law enforcement professionals to the career and business of security consulting. It provides new and potential consultants with the practical guidelines needed to start up and maintain a successful independent practice. Updated and expanded information is included on marketing, fees and expenses, forensic consulting, the use of computers, and the need for professional growth. Useful sample forms have been updated in addition to new promotion opportunities and keys to conducting research on the Web.

- The only book of its kind dedicated to beginning a security consulting practice from the ground-up
- Proven, practical methods to establish and run a security consulting business
- New chapters dedicated to advice for new consultants, information security consulting, and utilizing the power of the Internet
- The most up-to-date best practices from the IAPSC

Editorial Review

Review

"...provides an excellent blueprint for those seeking to use the skills, knowledge, and experience gained in the many years of their security profession to transition into the competitive arena of security consulting...New in this edition are chapters that contain tools for information security consulting and the power of the Internet." --**ASIS Dynamics, January/February 2014**

About the Author

Charles "Chuck" Sennewald CSC, CPP, is an independent security management consultant and expert witness and the author of numerous Butterworth-Heinemann titles, including "Effective Security Management"; "Security Consulting"; "Retail Crime, Security and Loss Prevention: An Encyclopedic Reference;" "From the Files of a Security Expert Witness"; and earlier editions of this book "The Process of Investigation." Chuck is a graduate of California State University - Los Angeles with a BS degree in Police Science and Administration. Chuck is also the founder and first president of the International Association of Professional Security Consultants (IAPSC), and is a long-time member of ASIS International. He has lectured and is read in countries around the globe.

Users Review

From reader reviews:

Donald Hamann:

What do you consider book? It is just for students as they are still students or it for all people in the world, exactly what the best subject for that? Just you can be answered for that issue above. Every person has diverse personality and hobby for each and every other. Don't to be pushed someone or something that they don't wish do that. You must know how great as well as important the book Security Consulting, Fourth Edition. All type of book can you see on many solutions. You can look for the internet sources or other social media.

Grady Comer:

Now a day individuals who Living in the era wherever everything reachable by match the internet and the resources inside it can be true or not demand people to be aware of each details they get. How a lot more to be smart in having any information nowadays? Of course the answer is reading a book. Looking at a book can help people out of this uncertainty Information particularly this Security Consulting, Fourth Edition book because this book offers you rich data and knowledge. Of course the details in this book hundred pct guarantees there is no doubt in it as you know.

James Snider:

This Security Consulting, Fourth Edition is great publication for you because the content that is full of information for you who also always deal with world and have to make decision every minute. This specific book reveal it facts accurately using great organize word or we can declare no rambling sentences inside it. So if you are read the idea hurriedly you can have whole information in it. Doesn't mean it only will give you straight forward sentences but challenging core information with splendid delivering sentences. Having Security Consulting, Fourth Edition in your hand like having the world in your arm, data in it is not ridiculous a single. We can say that no e-book that offer you world in ten or fifteen second right but this publication already do that. So , this is certainly good reading book. Hello Mr. and Mrs. occupied do you still doubt that will?

Lillian Burbank:

This Security Consulting, Fourth Edition is fresh way for you who has attention to look for some information because it relief your hunger associated with. Getting deeper you onto it getting knowledge more you know or else you who still having bit of digest in reading this Security Consulting, Fourth Edition can be the light food in your case because the information inside this book is easy to get by anyone. These books create itself in the form which is reachable by anyone, yes I mean in the e-book type. People who think that in reserve form make them feel drowsy even dizzy this guide is the answer. So there is absolutely no in reading a guide especially this one. You can find what you are looking for. It should be here for you actually. So , don't miss this! Just read this e-book sort for your better life and knowledge.
