Getting the Best of It By David Sklansky

Contains six sections discussing probability, poker, blackjack, other casino games, sports betting, and general gambling concepts. This book contains some of the most sophisticated gambling ideas that have ever been put into print. Included is perhaps the best discussion of the basic mathematics of gambling, yet it is written so that even the most non-mathematical of readers can understand it. Many of the ideas discussed are those that the author himself has successfully used during his career. Topics include expectation, combinations, Baye's Theorem, the eight mistakes in poker, checking in the dark, playing tight, The Key Card Concept, casinos and their mistakes, crapless craps, betting sports, hedging and middling, knowing what's important, the Law of Averages and Other Fallacies, and much more.

Editorial Review

About the Author

David Sklansky is generally considered the number one authority on gambling in the world today. Besides his ten books on the subject, David also has produced two videos and numerous writings for various gaming publications. His occasional poker seminars always receive an enthusiastic reception, including those given at the Taj Mahal in Atlantic City and the World Series of Poker in Las Vegas.

More recently, David has been doing consulting work for casinos, Internet gaming sites, and gaming device companies. He has recently invented several games, soon to appear in casinos.

David attributes his standing in the gambling community to three things:

1. The fact that he presents his ideas as simply as possible (sometimes with Mason Malmuth) even though these ideas frequently involve concepts that are deep, subtle, and not to be found elsewhere.
2. The fact that the things he says and writes can be counted on to be accurate.
3. The fact that to this day a large portion of his income is still derived from gambling (usually poker, but occasionally blackjack, sports betting, horses, video games, casino promotions, or casino tournaments).

Thus, those who depend on David's advice know that he still depends on it himself.

Users Review

From reader reviews:

Otis Thompson:

The book Getting the Best of It can give more knowledge and also the precise product information about everything you want. So why must we leave a very important thing like a book Getting the Best of It? Some of you have a different opinion about reserve. But one aim this book can give many details for us. It is absolutely suitable. Right now, try to closer together with your book. Knowledge or information that you take for that, it is possible to give for each other; you could share all of these. Book Getting the Best of It has simple shape however you know: it has great and large function for you. You can search the enormous world by open and read a book. So it is very wonderful.

Alexander Snider:

A lot of people always spent their free time to vacation or go to the outside with them family members or their friend. Are you aware? Many a lot of people spent they free time just watching TV, as well as playing video games all day long. If you wish to try to find a new activity honestly, that is look different you can read some sort of book. It is really fun for you.
