#### Review

"One of the most attractive features separating *Gramática para la composición* from other textbooks of its kind is the descriptive adequacy of grammatical explanations....The instructor finds sound and insightful explanations of complex issues of Spanish grammar. . . . Learning activities include a rich variety of exercises that combine mechanical practice with open-ended tasks, always carefully designed to assist the learner. Indeed, this is a very good textbook for the advanced undergraduate learner of Spanish."?Hildebrando Ruiz Morales, University of Georgia

"With its clear explanations and wide variety of exercises, this textbook provides ample opportunity for students to acquire both the linguistic knowledge and the organizational skills needed for producing well-written compositions in Spanish."?Michael Reider, West Virginia University

"The breadth and depth of each lesson's treatment of the requisite and relevant grammar points is remarkable: the ins and outs of Spanish structure and vocabulary (especially points troublesome to English speakers) are here clarified and exemplified....an invaluable review and reference grammar which students will consult again and again, as they likely make this one textbook that they will not sell back to the bookstore at the end of the semester."?Philip W. Klein, University of Iowa
