Hokusai: Genius of the Japanese Ukiyo-e By Seiji Nagata

Hokusai is perhaps the Asian artist best known in the West. His influence has extended from the Impressionists to later modern art and even to commercial design. A few of his works are so frequently reproduced that they are almost as familiar as the face of the Mona Lisa. Yet the "Great Wave" and the "Red Fuji" from the *Thirty-six Views of Mt. Fuji* represent only a tiny fraction of Hokusai's output. The pages of the *Sketches*, with their teeming humanity and their boundless interest in the details of everyday life, give only a small idea of his true scope. Hokusai's life was characterized by a prodigious energy and productivity that continued to the end of his ninth decade; his output comprises a correspondingly broad variety of genres and styles. Despite this, it is still not sufficiently realized just how great is the range, and how many masterpieces it includes.

The bold compositions and the grasp of essentials seen in the *Thirty-six Views* find their counterpart in the masterly monochromes of the *One Hundred Views of Mt. Fuji*. Against the daring simplifications of these works may be set the elaborate refinement and delicacy seen in many of the *surimono* prints and books of illustrated verse. The brilliant coloring and decorative qualities of Hokusai's brush paintings of beautiful women and legendary subjects are rivalled by the unsurpassed skill in ink drawing found in the best of his book illustrations, some of which are masterpieces in their own right.

Even the flower-and-bird series and the albums of sketches from life, which might seem to represent essentially minor genres, provide at their best a sense of color and inventiveness of composition that rival those of Hokusai's landscapes. On the oilier hand, the interest in human beings and in genre subjects is not confined to the *Sketches* and some of the *Thirty-six Views*, but is apparent again and again in the art manuals, the book illustrations, and even in a late print series such as the *Nurse's Illustrated Hyakunin Isshu*.

There are religious pictures and pictures of children and sumo wrestlers; experiments with Western perspective and with various combinations of style, whether Japanese, Chinese, or Western; moods ranging from the elegant to the earthy, from the lightly fanciful to the heavily grotesque. Even in his very last years, Hokusai's unflagging energy was taking him into new realms reaching beyond the *ukiyo-e* proper.

The aim of this work is to present a more balanced picture of Hokusai's achievement, a selection ranging over the whole oeuvre that will give some idea of the strength, the delicacy, and the fabulous inventive powers of this truly universal genius of the ukiyo-e.

The book Hokusai: Genius of the Japanese Ukiyo-e seemed to be making you to know about other understanding and of course you can take more information. It is rather advantages for you. The reserve Hokusai: Genius of the Japanese Ukiyo-e is not only giving you considerably more new information but also to be your friend when you experience bored. You can spend your spend time to read your book. Try to make relationship with all the book Hokusai: Genius of the Japanese Ukiyo-e. You never really feel lose out for everything when you read some books.

Melissa Ray:

A lot of people always spent their free time to vacation or even go to the outside with them friends and family or their friend. Do you know? Many a lot of people spent they free time just watching TV, or even playing video games all day long. If you need to try to find a new activity here is look different you can read the book. It is really fun for yourself. If you enjoy the book that you just read you can spent 24 hours a day to reading a reserve. The book Hokusai: Genius of the Japanese Ukiyo-e it is quite good to read. There are a lot of those who recommended this book. These people were enjoying reading this book. When you did not have enough space to create this book you can buy the e-book. You can more easily to read this book from a smart phone. The price is not to fund but this book possesses high quality.

Diane Sanchez:

Hokusai: Genius of the Japanese Ukiyo-e can be one of your basic books that are good idea. All of us recommend that straight away because this publication has good vocabulary that could increase your knowledge in terminology, easy to understand, bit entertaining but still delivering the information. The copy writer giving his/her effort to put every word into delight arrangement in writing Hokusai: Genius of the Japanese Ukiyo-e nevertheless doesn't forget the main point, giving the reader the hottest in addition to based confirm resource facts that maybe you can be certainly one of it. This great information may drawn you into new stage of crucial pondering.

Elizabeth McNeal:

As a student exactly feel bored in order to reading. If their teacher requested them to go to the library or make summary for some publication, they are complained. Just little students that has reading's spirit or real their hobby. They just do what the trainer want, like asked to the library. They go to generally there but

nothing reading significantly. Any students feel that looking at is not important, boring along with can't see colorful photographs on there. Yeah, it is being complicated. Book is very important to suit your needs. As we know that on this time, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore this Hokusai: Genius of the Japanese Ukiyo-e can make you truly feel more interested to read.
