How You Were Born By Joanna Cole

It is natural for young children to be curious about where they come from. Using vivid full-color photographs and a clear, straightforward text, this comprehensive book answers the questions they have about how an egg cell grows to become a baby, how a baby lives inside its mother's uterus, and how a baby is born.

Editorial Review

From Publishers Weekly

Revised in 1993, this photo-essay describes a baby's conception, fetal development and eventual birth. PW called Miller's photographs "models of sensitivity and frankness." Ages 4-up.

Copyright 1994 Reed Business Information, Inc.

From School Library Journal

PreSchool-Grade 3-- Appealing new packaging of an old favorite. As in the earlier edition (Morrow, 1984), Cole relates the process of conception and birth in a personalized manner. The text reads as though the author were talking to a child, skillfully integrating the illustrations with the narration. Revisions are slight: "uterus" replaces "womb" throughout; sentences have been rephrased; paragraphs have been restructured. Parents are told in the introduction that "Children born by cesarean need to know that theirs is simply another way to be born, and that the important parts of birth . . . are the same." All further explanation of the procedure has been omitted. Also left out are the diagrams of the male and female reproductive systems and the comment that "during labor, your mother had to work hard." In all, the changes facilitate the flow of the story and eliminated potentially disturbing topics. Vibrant full-color photos have replaced the original black and white; they depict a variety of families. Diagrams have been watercolored and refined, but with one exception, duplicate those in the original. While several other titles on the topic are currently available, Cole's book continues to set the standard. --Denise L. Moll, Lone Pine Elementary School, West Bloomfield, MI

Consequently there are a lot of benefits that you will get when you buy this book.

Brenda Lewis:

Is it an individual who having spare time and then spend it whole day by simply watching television programs or just laying on the bed? Do you need something totally new? This How You Were Born can be the respond to, oh how comes? A fresh book you know. You are therefore out of date, spending your time by reading in this completely new era is common not a nerd activity. So what these publications have than the others?

Phillip Martin:

You can find this How You Were Born by browse the bookstore or Mall. Just simply viewing or reviewing it can to be your solve difficulty if you get difficulties for your knowledge. Kinds of this reserve are various. Not only simply by written or printed but also can you enjoy this book by means of e-book. In the modern era like now, you just looking from your mobile phone and searching what your problem. Right now, choose your current ways to get more information about your book. It is most important to arrange you to ultimately make your knowledge are still up-date. Let's try to choose appropriate ways for you.

Anthony Malloy:

As a pupil exactly feel bored to reading. If their teacher requested them to go to the library in order to make summary for some reserve, they are complained. Just tiny students that has reading's heart and soul or real their hobby. They just do what the teacher want, like asked to the library. They go to there but nothing reading very seriously. Any students feel that examining is not important, boring and also can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. So , this How You Were Born can make you sense more interested to read.
