The Doomsday Key: A Sigma Force Novel (Sigma Force Series Book 6) By James Rollins

James Rollins, the *New York Times* bestselling master of nail-biting suspense and historical mystery, combines cutting-edge biotechnology with a centuries-old secret in an apocalyptic story that reveals where humankind is truly headed

The Doomsday Key

At Princeton University, a famed geneticist dies inside a biohazard lab. In Rome, a Vatican archaeologist is found dead in St. Peter's Basilica. In Africa, a U.S. senator's son is slain outside a Red Cross camp. The three murders on three continents bear a horrifying connection: all the victims are marked by a Druidic pagan cross burned into their flesh.

The bizarre murders thrust Commander Gray Pierce and Sigma Force into a race against time to solve a riddle going back centuries, to a ghastly crime against humanity hidden within a cryptic medieval codex. The first clue is discovered inside a mummified corpse buried in an English peat bog—a gruesome secret that threatens America and the world.

Aided by two women from his past—one his exlover, the other his new partner—Gray must piece together the horrifying truth. But the revelations come at a high cost, and to save the future, Gray will have to sacrifice one of the women at his side. That alone might not be enough, as the true path to salvation is revealed in a dark prophecy of doom.

Sigma Force confronts humankind's greatest threat in an adventure that races from the Roman Coliseum to the icy peaks of Norway, from the ruins of medieval abbeys to the lost tombs of Celtic kings. The ultimate nightmare is locked within a talisman buried by a dead saint—an ancient artifact known as the Doomsday Key.

Editorial Review

From Publishers Weekly

Rollins takes fans on a frenetic roller-coaster ride through the streets of Rome, across England and into Norway. The Sigma Force is in a race to find a link between a nearly 1,000-year-old mystery and a modern conspiracy that could cause the starvation of billions of humans. Comdr. Gray Pierce leads a team that includes his former lover and his current enemy, getting them to work together to save each other's lives long enough to save the world. Peter Jay Fernandez serves up an entertaining gravelly Scottish brogue and a plausible Norwegian accent and gives every character his or her own distinctive voice, allowing easy identification by using inflection and cadence. He keeps listeners involved through lengthy descriptive passages, convoluted scientific explanations and historical fact and speculation, and does well at raising the tension as the narrative escalates into explosive, action-packed scenes. *A Morrow hardcover (Reviews, Apr. 27). From the Author

About James Rollins

JAMES ROLLINS is a #1 New York Times bestselling author of international thrillers that have been translated into more than forty languages. Known for unveiling unseen worlds, scientific breakthroughs, and historical secrets, Rollins' knack for breakneck pacing and stunning originality has been hailed by critics and embraced by scores of millions of readers around the world.

The Critics Rave

The New York Times says that his "roguish charm comes from his efforts to persuade readers the story is credible [through] real-life sources for his novel's science, history and geography." Rollins' rare blend of action, suspense, and knowledge was also mentioned by the Huffington Post, which stated that "After Crichton passed away in 2008 he clearly passed the baton to James Rollins, who like Crichton, is a renaissance man."

NPR calls his work "adventurous and enormously engrossing..." and the New York Journal of Books had this to say: "If you're a fan of smart, entertaining adventure fiction, this is your summer beach read writ large....All the science, all the history, and all the locations are masterfully intertwined. The characters are multi-dimensional. And the story is, well, a corker."

The Story Teller's Story

As a boy immersed in the scientific adventures of Doc Savage, the wonders of Jules Verne and H.G. Wells, and pulps such as *The Shadow*, *The Spider*, and *The Avenger*, James Rollins decided he wanted to be a writer. He honed his storytelling skills early, spinning elaborate tales that were often at the heart of pranks played on his brothers and sisters.

Before he would set heroes and villains on harrowing adventures, Rollins embarked on a career in veterinary medicine, graduating from the University of Missouri and establishing a successful veterinary practice. This hands-on knowledge of medicine and science helps shape the research and scientific speculation that set James Rollins books apart.

Explosive Page-Turning Adventures

The exotic locales of James Rollins novels have emerged as a hybrid between imagination, research, and his extensive travels throughout the United States and Europe, as well as New Zealand, the South Pacific, China, Southeast Asia, Africa, Australia, and South America. Recent jaunts include book tours and stops across the country and several European nations to give talks, seminars, and media interviews. In recent years, much of James' travel has involved meeting readers in small and large groups, at writing and fan conferences, and even aboard seagoing "seminars." James' mentoring and coaching skills have made him a sought after writing instructor and guest speaker for workshops, symposia, conventions, and other forums throughout the country.

James Rollins is the author of nine thrillers in the bestselling Sigma Force series (*Sandstorm*, *Map of Bones*, *Black Order*, *The Judas Strain*, *The Last Oracle*, *The Doomsday Key*, *The Devil Colony*, *Bloodline*, and *The Eye of God*); six individual adventure thrillers; and the Jake Ransom middle grade series (*Jake Ransom and the Skull King's Shadow*, *Jake Ransom and the Howling Sphinx*.)
