They're the Princes Charming, who finally got some credit after they stepped out of the shadows of their princesses—Cinderella, Rapunzel, Snow White, and Briar Rose—to defeat an evil witch bent on destroying all their kingdoms. But alas, such fame and recognition only last so long. ### Editorial Review

#### From School Library Journal

Gr 4-6-The League of Princes is back in this sequel to Healy's fractured fairy tale, *The Hero's Guide to Saving Your Kingdom* (HarperCollins, 2012). After having finally gained recognition by teaming up to defeat an evil witch in the first book, Princes Frederic, Gustav, Liam, and Duncan (the Princes Charming of "Cinderella," "Rapunzel," "Briar Rose," and "Snow White") are ready to be heroes again. They reunite to take back a priceless (and possibly magical) sword stolen by their old nemesis, the Bandit King. Uproarious adventure follows, with plenty of action and hilarious dialogue, as well as some deeper insights into the princes, princesses, and villains. This highly satisfying sequel to the first tale still leaves readers hanging for more.-Jenny Berggren, formerly at New York Public Library© Copyright 2013. #### From Booklist

After demonstrating how to do get things done (for better or worse) in *The Hero's Guide to Saving Your Kingdom* (2012), the four Princes Charming—count 'em: Liam, Frederick, Duncan, and Gustav, each with his own issues—reunite for some castle storming. And what's a little blackmail and kidnapping among friends, especially when it leads the partners of Cinderella and the other princesses on such an entertaining and magic-filled quest through the fractured realm of fairy tales? Never fear if it perhaps goes on just a tad too long, as readers will likely be laughing too hard to notice. Complete interior illustrations unseen. Grades 3-6. --Andrew Medlar

#### Review

"The friendships and romantic relationships between the many players continue to grow in complexity, and readers will be eager to find out where the princes' misadventures take them next." (Publishers Weekly (starred review))

"Filled with witty banter, new and amusing characters, much seat-of-your-pants action, cartoony illustrations, and more clever references to fairy-tale tropes, this hefty installment is certain to keep fans of the first book happily entertained and, since it ends with a significant cliffhanger, eager for more." (The Horn Book)

"The princes Charming reunite for another slapstick, kingdom-saving quest. . . . While the wacky comedy and witty wordplay is broken up by emotional growth and romantic story arcs, laughter takes precedence." (Kirkus Reviews)

"Uproarious adventure follows, with plenty of action and hilarious dialogue, as well as some deeper insights into the princes, princesses, and villains. This highly satisfying sequel to the first tale still leaves readers hanging for more." (School Library Journal)
