### Two of a Kind By Yona Zeldis McDonough

Ten years after losing her husband, Christina Connelly has worked through the pain, focusing on raising her teenage daughter and managing her small decorating business. But her romantic life has never recovered. Still, it's irksome to be set up with arrogant, if handsome, doctor Andy Stern at her friend's wedding. If he wasn't also a potential client, needing his Upper East Side apartment redesigned, she would write him off.

This is never going to work, Andy thinks. Still grieving his wife and struggling with a troubled son, he's not looking for a woman, and certainly not someone as frosty and reserved as Christina. Their relationship will be strictly business. Yet to everyone's surprise—including their own—these two find themselves falling in love.

But if reconciling with their pasts is difficult, blending their lives and children to create a new family is nearly impossible. They've been given a second chance...but can they overcome all the obstacles in the way of happily ever after?

### Editorial Review

From Publishers Weekly

McDonough (A Wedding in Great Neck) crafts a complex romantic tale of two families, skillfully developing multidimensional characters. Widow Christina Connelly desperately needs interior design work to pay for the mortgage on her Brooklyn home and her 14-year-old daughter's expensive ballet classes. Arrogant widower Dr. Andy Stern, Manhattan's top ob-gyn, struggles with his 16-year-old son's moodiness, which is caused by two years of grief and mystical thinking that his mom will come back. Andy hires Christina to redecorate his apartment; she dislikes him at first, but as they get to know each other, Christina comes to admire Andy, and he finds her captivating. McDonough draws strong pictures of N.Y.C., from the glitz to the drug scene, and includes interesting supporting characters, including Andy's Jewish mother and the gay couple renting the top floor of Christina's house. Multiple points of view show the complications of dating for parents, the compromise of interfaith romance, and the unforeseen consequences when lives get out of balance. Readers will delight in this layered tale of friendship and love. (Sept.)

Christina Connelly knows her life isn't perfect, but it's finally started to feel normal. A decade has passed since her husband died unexpectedly, and she's thrown herself into raising her teenage daughter, Jordan, and developing a successful design business out of her Brooklyn home. She hasn't felt the need to bring a serious romantic partner into her fragile world until she finds herself attracted to a new client, the arrogant yet undeniably appealing Dr. Andy Stern. With teenage children and deceased spouses in common, Christina and Andy manage to blend business with pleasure until things get rocky. Faced with an all-or-nothing decision, Christina and Andy have to determine whether they're willing to risk everything again. *Two of a Kind* is a modern love story, and McDonough skillfully alternates narrators, with chapters voiced by Christina, Andy, and their teenage children. Combining the disparate problems of teenagers and widowers isn't an easy task, but McDonough's lively, witty prose carries the heavy subject matter easily. Well-paced and emotionally tender without being sappy, this refreshingly nontraditional love story will appeal to fans of Jennifer Close and Elin Hilderbrand. --Stephanie Turza
